CONTINUED EXAMINATION / EXAMINER'S AMENDMENT

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on October 21, 2004 has been entered.

Information Disclosure Statement

2. The information disclosure statements filed on October 21, 2004 and November 1, 2004 have been received and the references listed thereon have been considered. It is noted that prior art that was previously considered has been lined-through.

Supplemental Examiner's Amendment

3. The following change is in addition to those described in the previous Examiner's amendment (paper no. 30).

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided

Art Unit: 3724

by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

5. The application has been amended as follows:

In the Claims

Claim 13, line 16, --ticket dispenser-- has been inserted after "said".

Remarks

6. The amendment to claim 13 was made for grammatical completeness and is not intended to in any way alter the scope of the claims.

Reasons for Allowance

7. The following is an examiner's statement of reasons for allowance:

The prior art of record, taken alone or in combination, does not teach or fairly suggest the claimed invention. For example, while WO 95/22445 teaches many of the claimed features, it does not teach or suggest (in combination with the prior art of record) the combination of claimed features including a ticket dispenser with a front cover hinged adjacent to a bottom wall, a rear cover hinged adjacent to the bottom wall, and a drive module as claimed, wherein the drive module includes a helical separator member spanning a plurality of different channels of the ticket dispenser to separate at least one ticket from any of the ticket strips.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
